Discontinuation of Ice Cream Products in Thailand Announcement

Over the past decade, it has been our great privilege at Thai Glico Co., Ltd. to offer our *ice cream products* to the Thai market. We are truly honored to have earned the love and continued support of our valued customers throughout the years.

It is with sincere regret that we announce the discontinuation of our “Ice cream product under Glico’s brand” in Thailand. Customers will still be able to purchase these products until approximately the end of this year (2025). This applies to all our selling channels for the ice cream products.

We would like to extend our heartfelt appreciation for the trust, loyalty, and support you have given to us. While we will no longer be offering ice cream, our other products—including confectionery and almond milk beverages—will continue to be available as usual. We remain committed to continuously developing new products in the future to deliver “Great Taste and Good Health”, and we sincerely hope to continue receiving your kind support.

Thank you once again for being a part of our journey.

Thai Glico Co., Ltd.
